About IIPC

The Industry Institute Partnership Cell (IIPC) of N.S.S College of Engineering Palakkad aims at providing a healthy platform for the students and the industries so as to equip the students to meet the global challenges. The cell identifies the industrial expectation and promotes institutional preparation for meeting industrial needs by facilitating sponsored R&D Projects, seminars, workshops and various other industrial training programs. The IIPC team is deeply committed to serve and guide the students for industrial visits, internships and train them. It fosters and integrates the course curriculum along with the business needs and makes an easy pathway for the students to explore the vast world of engineering.

The cell arranges Industrial Training to students, for enhancing relationship between the institute and industries, thereby increasing the opportunities for the students for internships, live projects and to acquaint the students beforehand with the demands of the corporate atmosphere. It would also facilitate in the process of providing consultancy services to the industries and business organizations by the faculty members of the institute in order to augment and move one step ahead in the existing cordial relationship between industry and institute.
