

ABOUT ISTE

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making Society for the Technical Education System in our country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System. The major objective of the ISTE is to provide quality training programmes to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity and to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industry and other organisations.

ABOUT THE PROGRAMME

Teachers in technical education join their profession without any formal training in teaching methodology. Pedagogy in technical education has undergone revolutionary changes in the past few decades. Nowadays outcome based education and student centered teaching based on ICT tools has gained popularity among teachers . The programme is intended to enrich the faculty members from Technical Institutions in order to prepare them to excel in their profession .

Objectives

- To Enhance higher order thinking skills.
- To identify and acquire the competencies and attributes of a good teacher.
- To Familiarise and Integrate Digital Learning pedagogy with teaching .
- To communicate effectively in the class room.

Confirmation : 20-07-2018(via e-mail only)

ABOUT THE COLLEGE

N S S College of Engineering, Palakkad is one of the most reputed, premier engineering educational Institution in Kerala, affiliated to the APJ Abdul Kalam Technological University. The Institution was established in 1960 by Nair Service Society under the leadership of late Bharatha Kesari Mannathu Padmanabhan. The College has an enviable heritage and legacy of grooming brilliant engineering professionals who later made their mark in industrial and other sectors within the country and abroad.

ABOUT THE DEPARTMENT

Electronics and Communication Engineering Department was started in the year 1986. The objective of the department is to provide quality education in various fields of Electronics and Communication Engineering. The emphasis on practical knowledge along with theory and computer awareness has helped the students to acquire placements in leading industries. The department also offers an M.Tech degree programme in communication engineering with an intake of 18 students.

Vision of the Department:

- To be a premier department in the field of Electronics and Communication Engineering that bestows knowledgeable, self-motivated engineers of global standard with professional excellence and ethics to nourish the needs of the society.

Mission of the Department:

- To provide an inspiring *learning atmosphere* which will motivate the students to undertake challenging careers in the field of Electronics, Communication and related fields, ultimately benefiting the *society*.
- To enhance the students with a *strong theoretical foundation* to pursue higher education and research in the relevant fields.
